John and Yvete Boff

August 20-2018

Porto Alegre, Brazil

Dear Beloved Brothers & sisters in Christ Jesus & Co-Laborers,

We have prayed for all of you; asking God to richly bless you.

We wanted to visit with you this year but we must wait patiently for the results of the exams that my wife Yvete had done. After that we will decide if we can travel to the USA or not. May the Lord's will be done! She had a heart attack and was in the hospital for several days. A stent was installed in one artery and she has a problem with high blood pressure. Also, she still has a problem with kidney failure and the doctors have spoken about the need of doing hemodialysis. We are constantly praying for her; asking God to bless her and take care of these physical needs. We need your financial help as YVETE is taking 14 types of medicine every day. These medicines are very expensive here and she has to take them every day!!!

The churches that we founded and that we still work with are firm in their desire to preach the Gospel. We had 8 decisions for salvation last Sunday and we had had two families to join our church in Canoas! Also, we have two new couples doing Bible study as they get ready to be baptized soon. We had one lady to come back to our church after an absence of several years. She came to get right with God and with the church! We thank God for all these wonderful blessings!

Our Bible club is doing well on every Saturday afternoon with a good number of children. Our ministry in the hospital is being blessed under the leadership of sisters Fatima and Eronita. They testify of the love of Jesus for the patients and more than 75 of them accepted Christ as Savior this month! The prison ministry is being blessed as well under the leadership of Joel and 180 inmates were saved last month! As you, our beloved brethren, can see Jesus is still saving lost souls and we thank you for your financial help that keeps these ministries going!!!

In this month of September my wife, YVETE was again in the hospital for 5 days as she had severe pain in her shoulders and lungs. She is being treated with antibiotics but for the severe pain she was given morphine and pills of codein. She is little better but is still having medical treatments. We need your prayers! We do thank you for your intercessory prayers in our behalf. May God richly repay you with heavenly blessings. We love you and we thank you from the bottom of our hearts for the financial help and support.

Your missionaries in Brazil,

John & Yvete Boff

We need your financial help!
