Eddie & Priscilla

January 13th, 2019

Greetings in the Lord Jesus Christ.

Last year is behind us, but I can't forget the many blessings received and the goals achieved. I thank the Lord for the people saved, for the discipleship done and for consolidation in God's ways, both churches' spiritual growth, the projects accomplished, for God's people and churches that have prayed and supported us.

Talking about consolidating lives, some people have had amazing spiritual growth, such as brother Maldonado, a twenty-two-year old young male student in the medical university, which is located across the street from the church building. He has been saved and discipled in 2018. His spiritual growth has been amazing. He has preached several times already. The church has been impressed and moved with his quick spiritual growth. His sister came after him and also accepted Christ as her personal savior. For all this, we have many reasons to PRAISE THE LORD!

A new year has started and with it come new goals, new projects and the continuity of those in progress. We ask your prayers for good health and strength, for Priscilla and I to continue on the good path of ministry God has entrusted to us and to represent you well here in Brazil.

Thank you for your prayers and support, it makes a great difference in our ministry!
May God richly bless and reward.

Sincerely,

Pr. Edivaldo Cano
