Dear Christian friends

It is always a great opportunity to write you and let you know how things are going. The country was hit by an earthquake which wasn't too far from where we have most of our churches. But we didn't have much damages except some buildings which had some cracks

This year we lost two preachers one was an older man and the other a younger preacher. Please pray for the areas.

Last week we had an evangelistic campaign, we had about 40 people going out every day and we had services for four days and we had a record high of 39 people who trusted Christ someone said we were celebrating yesterday November 4 our 39th anniversary and this happens for the week.

This is marvelous, but we have to think what we will do for church building.

Our family is growing we have now two grand sons one was born in June and the other one November 5. We are praising God for his goodness.

Thank you very much for all your support and prayers.

We are asking all those who can help us with our school support for a child is 300 \$ yearly. So pray to see how you can help us we are having difficulties paying the teachers. It is a necessity for us.

Please keep praying for the country so there is peace.

The possibility of a church building.

For those who got saved they can hold to the faith.

Thank you very much for your support and faithful prayers.

May God bless you

Yours Paul Harrigan
